Intermediate ProValPlus

In this day-and-a-half workshop, students will move to the next level of ProValPlus software. Instruction will include:

- Entering Local Cost Modifiers into the tables.
- Using house type factor models.
- Entering and updating sales.
- Developing, entering, and using land tables.
- Neighborhood development.
- Condominium projects and economic units.
- Using the market database to produce reports on comparables.
- Trending models.
- Maintaining quality assurance of appraisals
